OLD BUSINESS:

President Gosnell stated there was an issue with installing the new telephones that were ordered. The current system needs to be removed completely before the new phones will work. The Town received a couple quotes from Maloney Telecom Inc. to do the work. The first estimate was to remove the existing system and install the phones that we purchased for \$550.00 (add the cost of the phones the total is around \$1000.00). The second estimate was a proposal to install a whole new system through them which includes phones with higher level capabilities for \$1432.22. After discussion it was decided the features and capabilities on the new system were more than we really need. Commissioner Schneider made a motion to have Maloney Telecom Inc. install the phones we ordered, which was seconded by Commissioner Bennett. All were in favor, so carried.
